

## **NOTICE TO MARINERS NO. 2/17**

**Upper Severn Estuary – Slimeroad Sand.  
Refer to British Admiralty chart no. 1166**

### **Shoaling sandbank in the vicinity of 51°37'.12N 2°38'50W**

Mariners are advised that a drying height of the “tail” of Slimeroad Sand is presently observed to be  $\underline{3}_6$  at the above position, extending for a distance of up to 0.2M in a northwesterly direction.

The drying line of Slimeroad Sand immediately east of Slimeroad lights is observed to have moved westward by up to 0.2M.

Attention is drawn to the need for vessels expecting to arrive at Sharpness with minimum underkeel clearance to exercise considerable caution whilst transiting this area

Owners, Agents and Charterers should ensure that the contents of this Notice are made known to the Masters or persons in charge of their vessels or craft.

M Johnson  
Harbourmaster/Marine Officer

14 November 2017.
