

NOTICE TO MARINERS NO. 2/21

**Upper Severn Estuary – Slimeroad Sand.
Refer to British Admiralty chart no. 1166**

Reduced depths in the vicinity of 51°37'.20N 2°38'.60W

Mariners are advised that a drying height of the “tail” of Slimeroad Sand is presently observed to be $\underline{3}_8$ centred at the above position, extending for a distance of up to 0.2M in a northwesterly direction and 0.1M to the south and southwest.

Attention is drawn to the need for vessels navigating with minimum underkeel clearance to exercise considerable caution whilst transiting this area.

Drying heights in this area are regularly monitored; a further notice will be issued to advise when heights have returned to normal charted levels.

Owners, Agents and Charterers should ensure that the contents of this Notice are made known to the Masters or persons in charge of their vessels or craft.

M Johnson
Harbourmaster/Marine Officer

7 January 2021.
